

Afri-CAN CHILDREN'S CHARITY

OUR IMPACT SUMMARY 2017

(PRINTABLE)

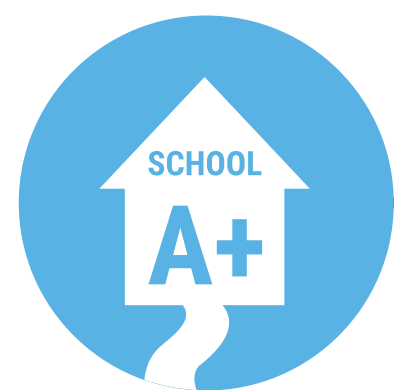

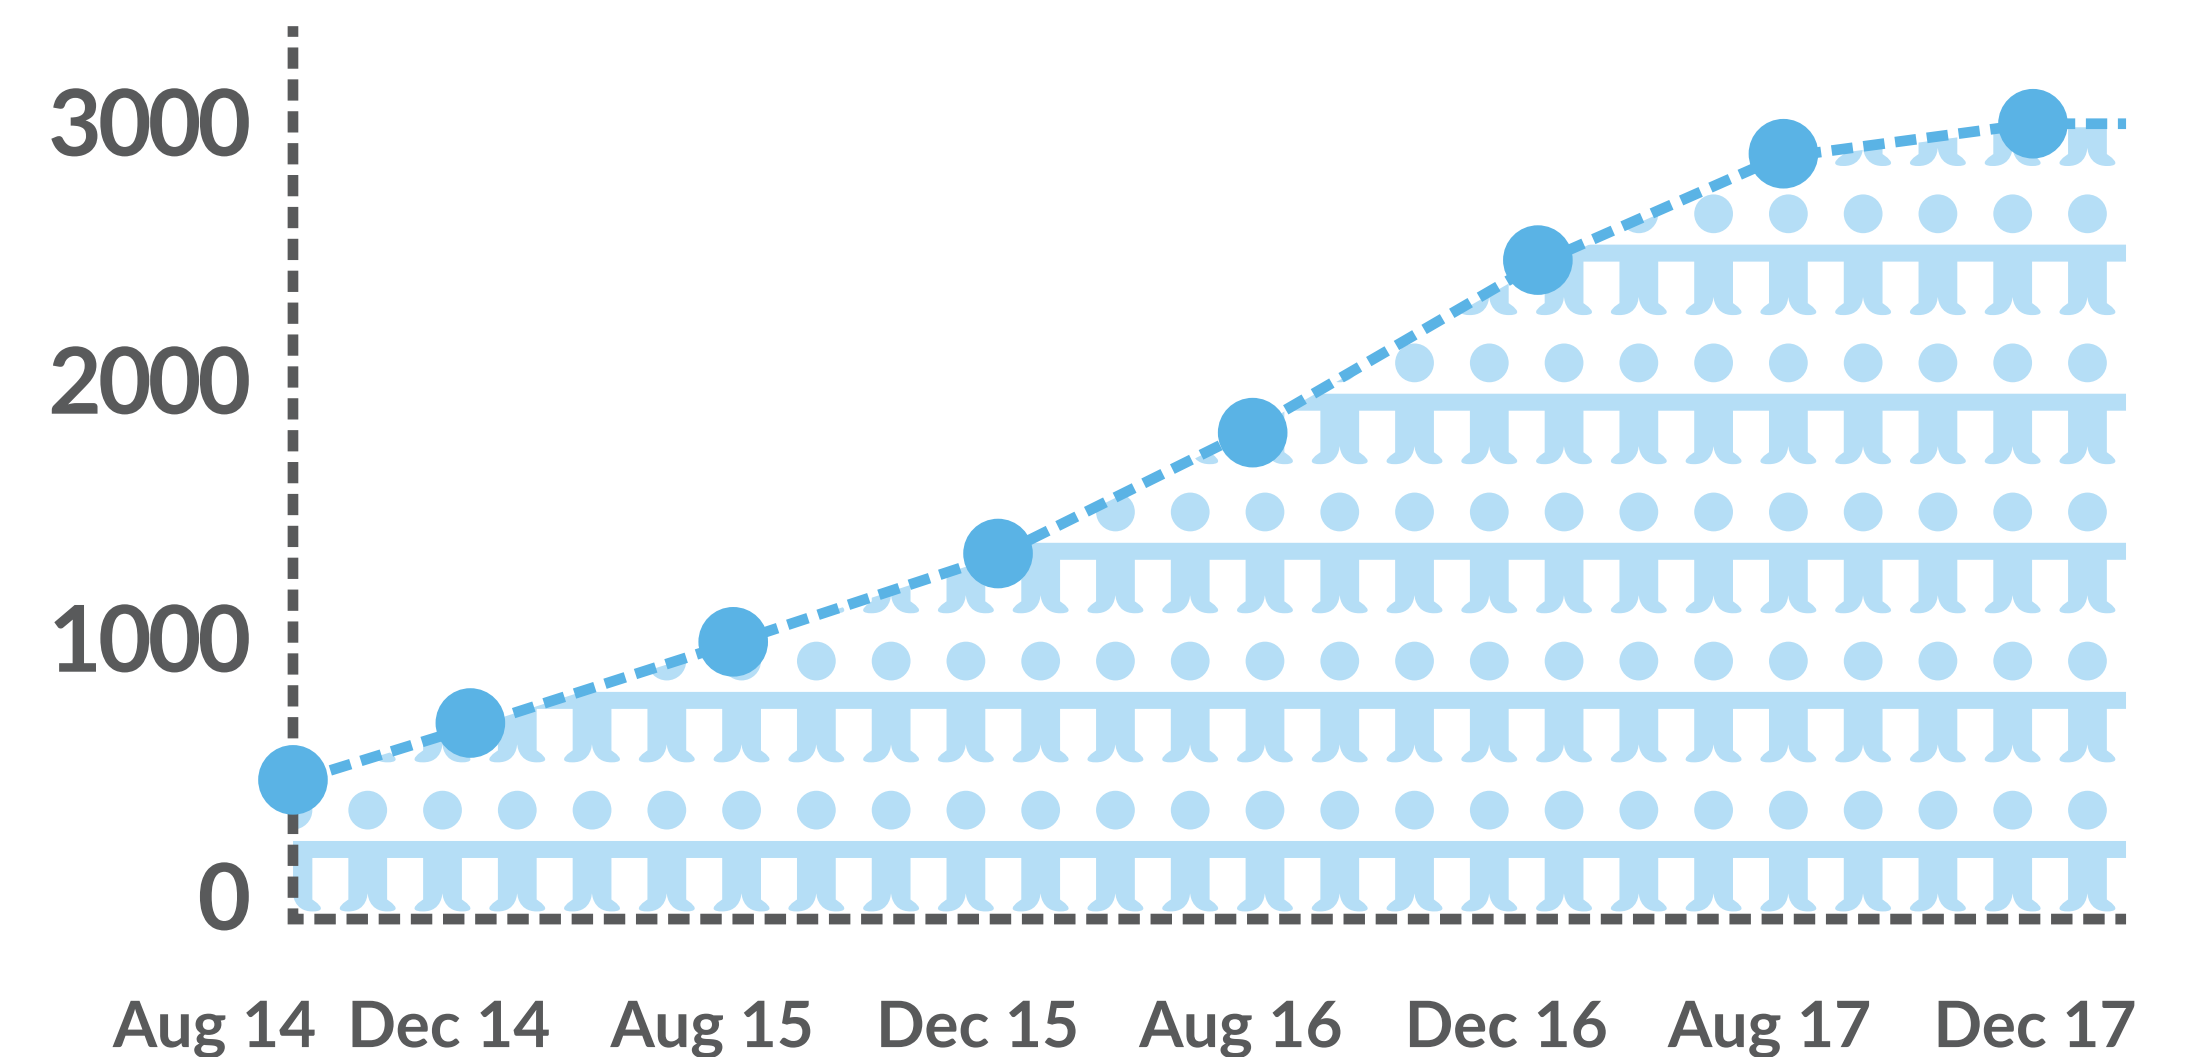

ABOUT OUR EARLY CHILD DEVELOPMENT PROGRAMME

We provide critical support to failing Early Childhood Development Centres (ECD Centres) located in the poorest and most underprivileged parts of South Africa, where education is seen as the only way to escape poverty.

Our mission is to facilitate the creation of clean, safe and professionally run ECD Centres in the townships, maximising the positive impact on both teachers and pupils and enabling the ECD Centres to become registered and Government compliant and thereby join the Department of Social Development support system.

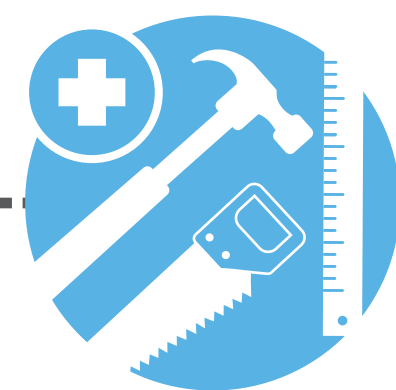

We target those existing, unregistered ECD Centres that are in desperate condition, requiring intervention and through **6 inter-related pillars** of activity we support the delivery of health, education and safety to vulnerable children as well as facilitate the training and up-skilling that adults need to teach the children and successfully run the ECD Centres.

Number of children in Afri-CAN Children's Charity ECD Centres

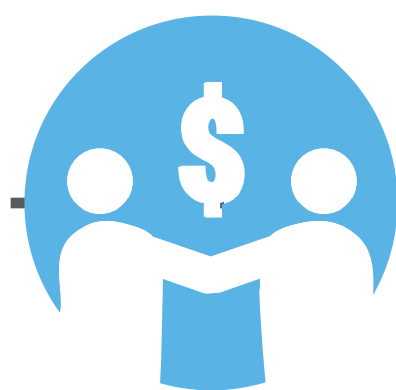

52

ECDs on our rebuild / repair programme in 12 sub-economic areas in Western Cape covered

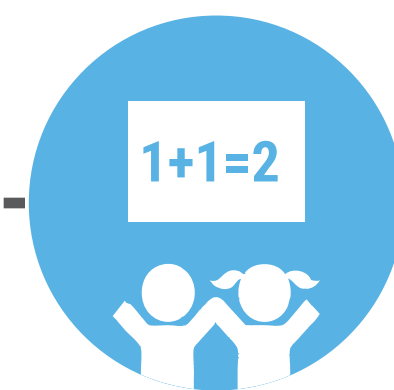

42

ECDs have received health and safety upgrades

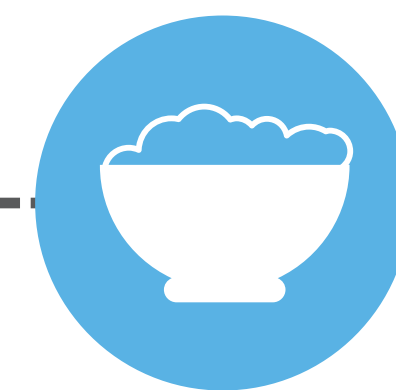

60+

Owners & Co-owners have access to our entrepreneurship and mentorship programme
